SUCCESS RESULT

The Stream Picker

A short guide to choosing which of the seven Vault streams to finish first.

You do not need all seven streams at once. You need one finished path. This picker uses the real Success Result catalog: 75 lessons across Streams 01?06, plus Stream 07, the Toolkit, which is included with every stream and with the Vault.

How to choose

- If you have never sold anything online, start with Stream 01 or Stream 03.
- If you already have an audience, Stream 02 or Stream 04 usually moves faster.
- Stream 05 is an amplifier. Add it after a path is already earning ? not before.
- Stream 06 is the founder and money layer. Return to it when you get stuck.
- Stream 07, the Toolkit, comes with every stream and with the Vault. You do not have to buy it separately if you buy a stream or the Vault.

A first-week plan

Day 1 ? Read this guide and pick one stream. Write the number down. Do not browse the other six.

Days 2?5 ? Finish the first two lessons in that stream, in order. Use the files; do not only read them.

Days 6?7 ? Apply one thing from those lessons to your own work (an offer draft, a page outline, a workflow import, or a content plan).

The seven streams

Prices below are the live one-time prices as of November 22, 2026. No sale strikethroughs.

01 Sales, Offers & Closing

13 lessons · $24

Start here if you do not yet have something people will pay for. Build an offer, a page, and a way to close.

02 Content & Organic Growth

13 lessons · $24

Start here if you already have an audience or want a content system you can keep up.

03 Digital Products & E-commerce

12 lessons · $24

Start here if you want to ship a small digital product, from idea to a page that can take a payment.

04 AI Automation & Email Systems

12 lessons · $24

Start here if you already have a product or list and want email, prompts, and automations after you set them up.

05 Brand, Authority & Paid Traffic

13 lessons · $24

Not a first step. Add this once a path is already earning, to amplify it.

06 Founder Mindset & Money

12 lessons · $24

The founder layer you return to when momentum drops. Use it alongside a starting stream, not instead of one.

07 The Toolkit

workflows, templates, prompts · Included

n8n workflows, templates, and prompt packs. Included with every stream and with the Vault.

A single lesson is $7. A stream is $24 and includes the Toolkit. The full Vault is $124, one time, and includes all 7 streams, 75 lessons, and the Toolkit. Educational materials only. Results vary. All sales are final.

When you are ready

If this guide helped you pick a path, you can start with one $7 lesson, one $24 stream, or the full Vault for $124. The Vault is a one-time purchase with lifetime access and instant digital delivery. You may use and customize the files in your own business or client work. You may not resell or clone the Vault.

We do not guarantee income. Results depend on your own work, skill, and market. All sales are final, because this is an instant digital download. If a file is missing or will not open, email support@successresult.com and we will replace it.
